PROJECTS

DEC 2022	Expense Management Develop an Expense Management Website using PHP and MySQL. This project will assist in organizing daily personal expenses.
JUN 2023	Keep Note I created a Keep Note Web Application using the MERN Stack. This app is crafted to assist you in arranging your notes based on your personal preferences.
SEP 2023 TO OCT 2023	Online Grocery Selling Plateform I have developed an online platform for selling groceries for a local store. This platform will enable shop owners to expand their business by selling groceries online.
JUN 2023 TO AUG 2023	Daily Expense Manager to increase my previous expense management performance and for practice, I will make a daily expense manager in Mern Stack with a material ui.
